1 Tube Chocolate Cookie Decorating Icing  
10 Mini Chocolate Coated Candies  
5 Orange Candies for Noses  
Fruit Flavored Candy Twists

**Directions:**

1. Unwrap all cakes, and cut corners off rounding them slightly.
2. Using the picture as your guide - on 5 individual cakes, frost milk chocolate candies on for eyes, the orange

3. Slice licorice into coal buttons, and on the remaining 5 cakes, frost buttons onto them as shown in the picture.
4. Trim licorice into snowmen arms, and push into sides of cakes as shown in the picture.
5. Stand the cakes with coal buttons on their sides to form bottoms of snowmen. Frost the top edge with white icing, and set the snowmen's heads on top.
